

Herbs

Dense and fast growing, our broad leaf varieties are aromatic and flavorful. Our selected varieties can be grown both as a multi-cut or single harvest crop.

Britton

Shiso

Large leaf Asian herb from the mint family. Can be cooked or used as an outer wrap.

Chinese Celery

Celery

This variety is traditionally cooked which sweetens the taste. Stems are thin and hollow with large leaves.

Cilantro

Classic cilantro with robust flavor.

Crown Daisy

Chrysanthemum greens with mild herbaceous taste. Harvest at the right size to avoid bitter flavor.

Genovese

Basil

Traditional, fast growing sweet basil. Large leaves with wonderful aroma and flavor.

Greek Basil

Basil

Attractive and intensely flavored.

Parsley

Curly leaves with dark green color and light flavor.

Purple Petrola

Basil

Dark purple leaves with great basil flavor.

Red Celery

Celery

Celery flavor with light purple stalks.

Sheperd's Purse

Leaves are used live and dry in medicinal and culinary applications. Produces seed pods with peppery flavor.

Sweet Thai

Basil

Narrow leaves with spicy anise flavor. Used in Asian dishes cooked or as a garnish for sweet dishes.
